

I oppose the proposed change to ownership rules. This country needs opposing viewpoints, with unbiased media. The White House controls enough of the media as it is now. We don't need a national media director, with an office in the White House. The large corporations control the economy, and in some instances the politics of this country. We need an independent media, able to freely express opposing viewpoints, not controlled by the board of directors, of a monopolized, print, radio and television, empire.
